

## Effort and Academics

Students fail at Trinity-Pawling only when they fail to try. To support this philosophy, the School has developed a unique system – unlike that at any school – with reward based upon effort in various aspects of life here: academic, attendance, athletic, extracurricular, work program and dormitory.

Notice that the reward is not based upon *achievement*, as with a traditional academic honor roll, but upon *effort*. The greater the overall effort, the greater the privileges and independence; the less one tries, the more restrictions are placed on one's lifestyle.

At the middle and at the end of each term, effort is evaluated by each faculty member with whom there is a direct relationship: classroom teachers, dormitory masters, coaches and extracurricular advisors. Attendance and discipline records are also evaluated. Students are then placed in one of the five Effort Groups and enjoy the freedoms and are subject to the restrictions that are delineated for that group. These figures are then totaled to determine the effort group. Returning students will begin the Fall Term rated on the basis of their performance when they completed the previous school year.

### **Seniors**

Seniors play an important role in the life of the School. They are the leaders and role models for the underclassmen and are expected to act accordingly. As such, they have certain responsibilities which must be maintained. Seniors are granted certain privileges because of their position in the school. However, it is understood that such privileges are incumbent on each senior meeting his responsibilities in a mature and thorough manner.

Senior effort will be calculated by the above system as for all students. All seniors in groups 1, 2, and 3 will also receive the following privileges:

1. Campus privilege Sunday - Friday until 11:00 p.m. following 10:00 p.m. check-in with dorm master. In bed by midnight.
